1. Introduction

An alternative but broadly similar process, which mirrors as much as possible the process that applies to all other students entered for the 2021 Leaving Certificate examinations, has been established for students studying subjects outside of school and out-of-school learners as a route to applying for an Accredited Grade in Leaving Certificate 2021. Special arrangements have been made to enable students studying non-curricular languages to receive an Accredited Grade in Leaving Certificate 2021.

The information in this guide should be read in conjunction with other key documents (and any updates to those documents available on www.gov.ie) including;

- *A Guide to State Examinations and Accredited Grades for Leaving Certificate 2021 (February 2021) available [here](#)*
- *Guide to Accredited Grades for Leaving Certificate 2021 for (a) Out-of-School Subjects, and (b) Out-of-School Learners (March 2021) available [here](#)*
- *Accredited Grades for Leaving Certificate 2021: Guide for Schools on Providing Estimated Percentage Marks (April 2021)*

2. Purpose of the Guide

This purpose of this guide is to assist schools¹ and students in implementing the special arrangements set out in the *Guide to Accredited Grades for Leaving Certificate 2021 for (a) Out-of-school subjects and (b) Out-of-school Learners* (March 2021).

Categories of out-of-school students

There are two broad categories of out-of-school students for whom these arrangements apply.

- **Out-of-School Subjects** refers to students who are enrolled in, and studying in, a school on a full time basis but are also studying an extra subject, or subjects, entirely outside of school. Students who are studying a subject in school but availing of extra tuition outside of school are not included in this category: they can only get an estimated percentage mark from their fulltime teacher.
- **Out-of-School Learners** refers to students who are entered for the examinations as external candidates and who are not attending for fulltime tuition at any school, or private college, recognised by the State Examinations Commission. This category includes students who are being home schooled.

A sub-set of out-of-school students are those studying **non-curricular languages**. As these students are not required to study any prescribed curriculum and are unlikely to, or may not, have any consistent records or evidence of their learning, specific arrangements have been made to enable them to receive an Accredited Grade.

¹ Throughout this Guide, the term "school" includes: a recognised school or centre for education, recognised by the Minister for Education under the provisions of the Education Act, 1998, and a centre recognised by the SEC for examination purposes.

Absence from school due to illness or other reasons

Students are only classified as 'out-of-school learners' if they are entered for the examinations as an external candidate and are not attending for fulltime tuition at any school, or private college, recognised by the State Examinations Commission (SEC). The category of 'Out-of-school learners' includes students who are being home schooled.

If students are absent from school for some time for whatever reason, but are still enrolled in a school, then they are not considered to be an out-of-school learner. Schools should include them along with all other students in the in-school Accredited Grades process for Leaving Certificate 2021. If students who are absent from school due to illness or other reasons have any concerns, they should contact their school directly.

If students have been receiving tuition, in the context of an adapted education plan, while absent from school due to being at very high risk to COVID-19, evidence of learning from that tuition should be considered by the school when it is completing the in-school estimation of marks for the relevant subjects.

3. Outline of the process

3.1 Accredited Grades process for students studying subjects out-of-school, and out-of-school learners (other than in respect of non-curricular languages)

3.1.1 Summary of the process

A key element of the processes to be implemented this year is the provision of a mechanism by which students studying subjects out-of-school, and out-of-school learners, can provide evidence of their learning for review by registered teachers². For further information on evidence of learning, refer to Section 4.4.1.

Panel/s of three Registered Teachers will be appointed by the school principal³. The Panel/s will be composed of two core members and the third member may vary depending on the subjects under review. Panel members will use their professional judgement, drawing on available evidence, to arrive at an estimated percentage mark for the student in the relevant subject. For further information on the appointment of a Panel, refer to Section 4.2.1.

The process will be administered by the **Accredited Grades Aide**⁴ who will be available to liaise with the students, the Panel and the school principal.

Overall oversight of the process by which estimated percentage marks are submitted for students studying subjects out of school and out-of-school learners will be provided by the school **principal**.

Registered teachers who provide tuition to students studying subjects out of school or to out-of-school learners, will draw on existing records and available evidence to determine and *provide* a provisional estimated percentage mark. Normally, registered teachers will not be required to provide evidence of student's learning for review by the Panel, but may be asked to do so if the Panel feels it is necessary. Registered teachers may be asked to cooperate in relevant professional discussions with the Panel. The final estimated percentage mark will be determined by the Panel.

Persons who provide tuition but who are not registered teachers will, in addition to suggesting a provisional estimated percentage mark, provide evidence of the relevant student's learning. Such persons may be asked to cooperate in professional discussions and review of evidence submitted, with the Panel. The final estimated percentage mark will be determined by the Panel.

² For the purposes of the Accredited Grades system for Leaving Certificate 2021, the term 'registered teacher' is taken to mean a person who must be

- Currently registered as a teacher with the Teaching Council of Ireland, or
- Have previously been registered with the Teaching Council of Ireland and not have been removed from the register for cause such as professional misconduct, or
- Teaching in a centre for education recognised by the Minister for Education
- Teaching in a centre recognised by the SEC for examination purposes.

³ In this document, the term "principal" is used to identify a principal in a recognised secondary school or a manager/coordinator in centres for education

⁴ Accredited Grades Aide is the term used in this document to identify the Leaving Certificate Aide(s) associated with the Accredited Grades process for out-of-school learners/out-of-school subjects. SEC Circular S15/2021 elaborates further on the role of the Leaving Certificate Aide.

Students who are not engaged in tuition, or whose teachers/tutors do not engage with the process, will be given an opportunity to provide written evidence of their learning for review by the Panel. When submitting such evidence, students should be mindful of the guidance provided in the documents listed above and in all relevant updates.

The **evidence** that teachers/tutors/students choose to submit should illustrate students' learning with respect to the aims and learning outcomes of specifications (curriculums) and syllabuses as relevant. **The evidence submitted should be concise and focused on illustrating student's learning.**

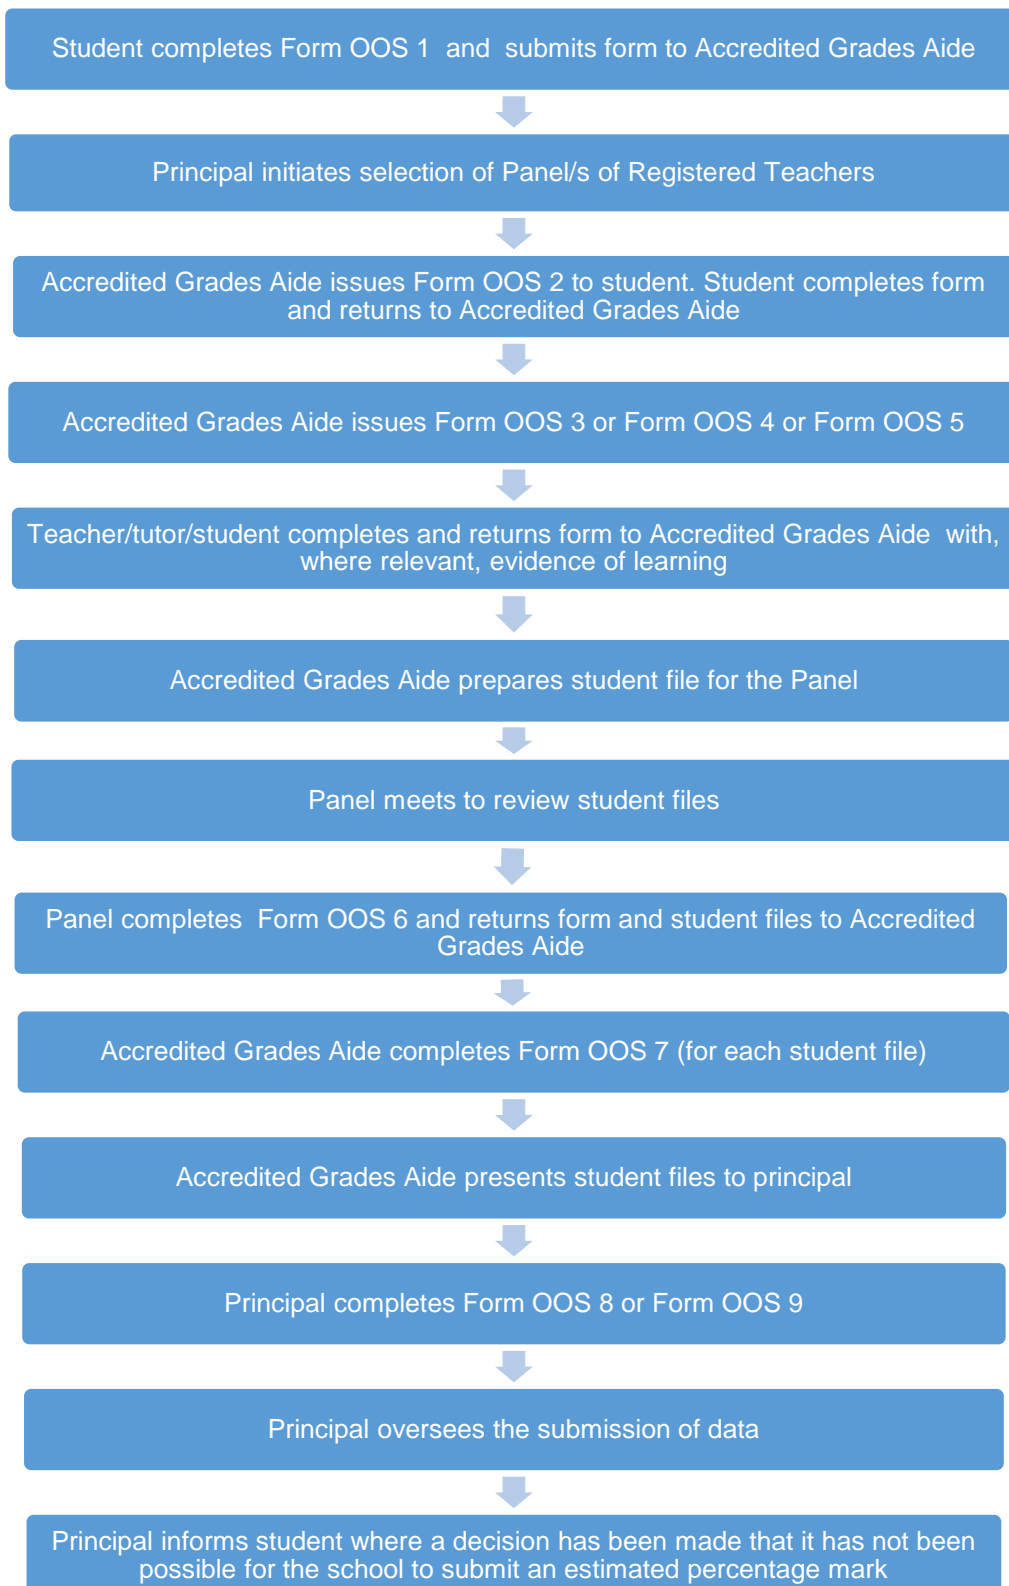

3.1.2 Details of the process

- (1) Students must have made arrangements to sit the Leaving Certificate and have registered on the Candidate Self-Service Portal before 16 March 2021.
- (2) Students should continue studying for their Leaving Certificate as normal.
- (3) Students who are out-of-school learners must contact the school in which they are registered to sit the Leaving Certificate written examinations in June. This host school will provide oversight of the submission of estimated percentage marks on their behalf.
- (4) Students should use the Initial Information Form OOS 1 to provide information on the subjects for which they are applying for an Accredited Grade and where relevant the details of persons providing them with tuition to the school no later than 22 April 2021.
- (5) The school should provide acknowledgement of receipt of Form OOS 1 to the student.
- (6) The school principal will appoint an Accredited Grades Aide.
- (7) The principal will appoint Panel/s of Registered Teachers by 14 May 2021. The Panel/s of Registered Teachers will use their professional judgement, drawing on the available evidence, to arrive at an estimated percentage mark for each subject for which an application has been made for an Accredited Grade.
- (8) The Accredited Grades Aide will request students to confirm their details including the contact information for persons providing them with tuition no later than 6 May 2021 using Form OOS 2.
- (9) The Accredited Grades Aide will request persons nominated by students to complete and return either Form OOS 3 or Form OOS 4 no later than 14 May 2021.
- (10) If students are not in receipt of tuition, or if the person providing tuition does not engage with the process, the Accredited Grades Aide will request those students to provide written evidence of their learning no later than 14 May 2021 using Form OOS 5.
- (11) The Accredited Grades Aide will create a file containing all of the information and evidence available on each application for an Accredited Grade for each student and

subject. They will provide this file to the relevant Panel of Registered Teachers on, or before, 14 May 2021.

- (12) The Panel of Registered Teachers will arrange to meet to review the available evidence. If the Panel considers it necessary, they may contact the person providing tuition, or students, for further information or clarification as part of the deliberative process.
- (13) When deliberations are concluded the Panel of Registered Teachers will record their professional judgement i.e. the estimated percentage mark and the basis for the mark on Form OOS 6. The Panel will provide the Accredited Grades Aide with Form OOS 6 no later than 28 May 2021. They should also return the individual student files to the Accredited Grades Aide.
- (14) The Accredited Grades Aide will complete Form OOS 7.
- (15) The Accredited Grades Aide will provide a copy of the student's file to the principal as soon as possible after the Panel completes its work on, or before, 28 May 2021.
- (16) The principal should satisfy themselves that all procedures as outlined in this guide have been correctly followed. The principal should submit the student's estimated percentage marks no later than 3 June 2021 using Form OOS 8.
- (17) The principal must complete Form OOS 9 and notify students where a decision has been made that it has not been possible for the school to provide an estimated percentage mark. The suggested text provided in the appendices could be used and students should be informed as soon as possible after 3 June (but no later than 9 June).
- (18) In instances where schools make a decision not to provide an estimated percentage mark in a subject and a student appeals this decision, principals will be asked to participate in an appeals process which will review the procedures implemented.

3.1.3 Flowchart of the process

3.2 Accredited Grades process for non-curricular languages

3.2.1 Summary of the process

The Leaving Certificate non-curricular languages are:

Bulgarian	Finnish	Polish
Croatian	Hungarian	Portuguese
Czech	Latvian	Romanian
Danish	Lithuanian	Slovakian
Dutch	Maltese	Slovenian
Estonian	Modern Greek	Swedish

In order to give students an opportunity to provide evidence of their learning in a non-curricular language, the Department of Education will arrange for a written proficiency assessment to be held on the afternoon of 8 May 2021. This assessment will be held in all post-primary schools where there are students who have registered for a non-curricular language on the Candidate Self Service Portal for Leaving Certificate 2021. The assessment will commence at 2.00pm and conclude at 3.30pm. This assessment will be open to all students of non-curricular languages who are registered for that language in Leaving Certificate 2021, whether or not they have applied for Accredited Grades. However, unless students have applied for an Accredited Grade in their non-curricular language on the Candidate Self-Service Portal (CSSP), they will not receive an Accredited Grade even where they have completed the Proficiency Assessment.

If students do not complete the Proficiency Assessment they will not receive an Accredited Grade in the subject and therefore in order to obtain a grade in Leaving Certificate 2021 for their non-curricular language they must sit the written examinations in June.

3.2.2 Details of the process

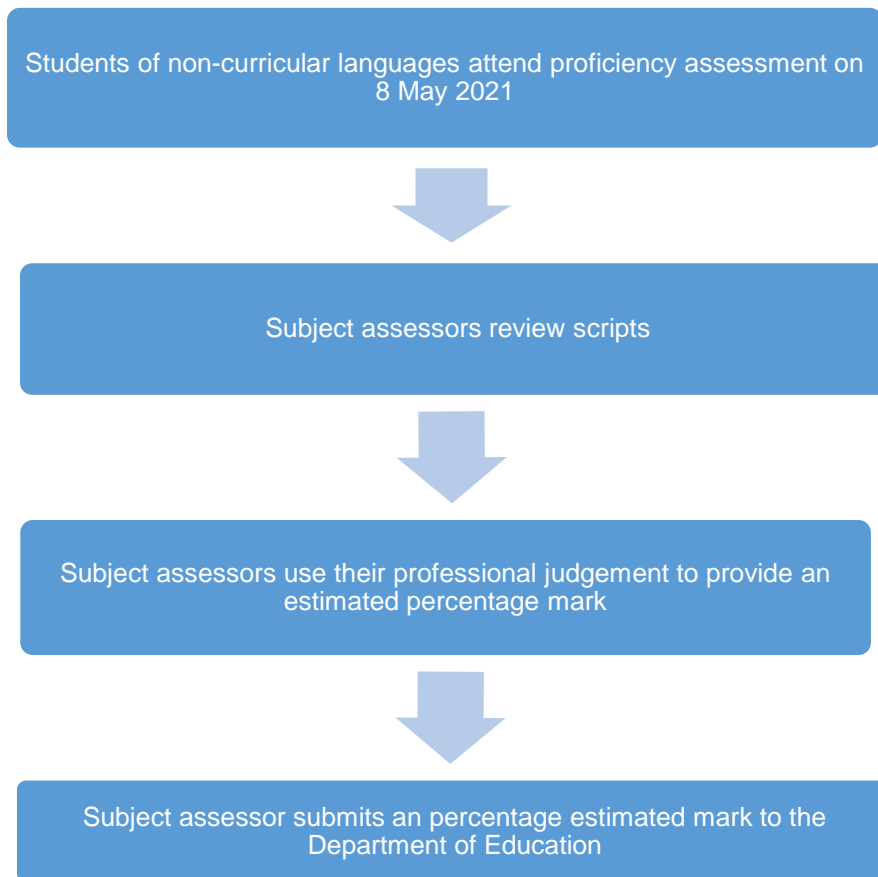

1. Students must have made arrangements to sit the Leaving Certificate and registered on the Candidate Self-Service Portal before 16 March 2021.
2. Students should continue studying for their Leaving Certificate as normal.
3. School principals will appoint an Accredited Grades Aide with responsibility for administering the processes for students studying subjects out-of-school and for out-of-school learners.
4. In conjunction with the holding of a Leaving Certificate Vocational Programme (LCVP) examination on the morning of 8 May 2021, the Accredited Grades Aide and/or principal will arrange for the same examination centre and supervision

arrangements for the holding of the non-curricular language Proficiency Assessment on the afternoon of 8 May 2021.

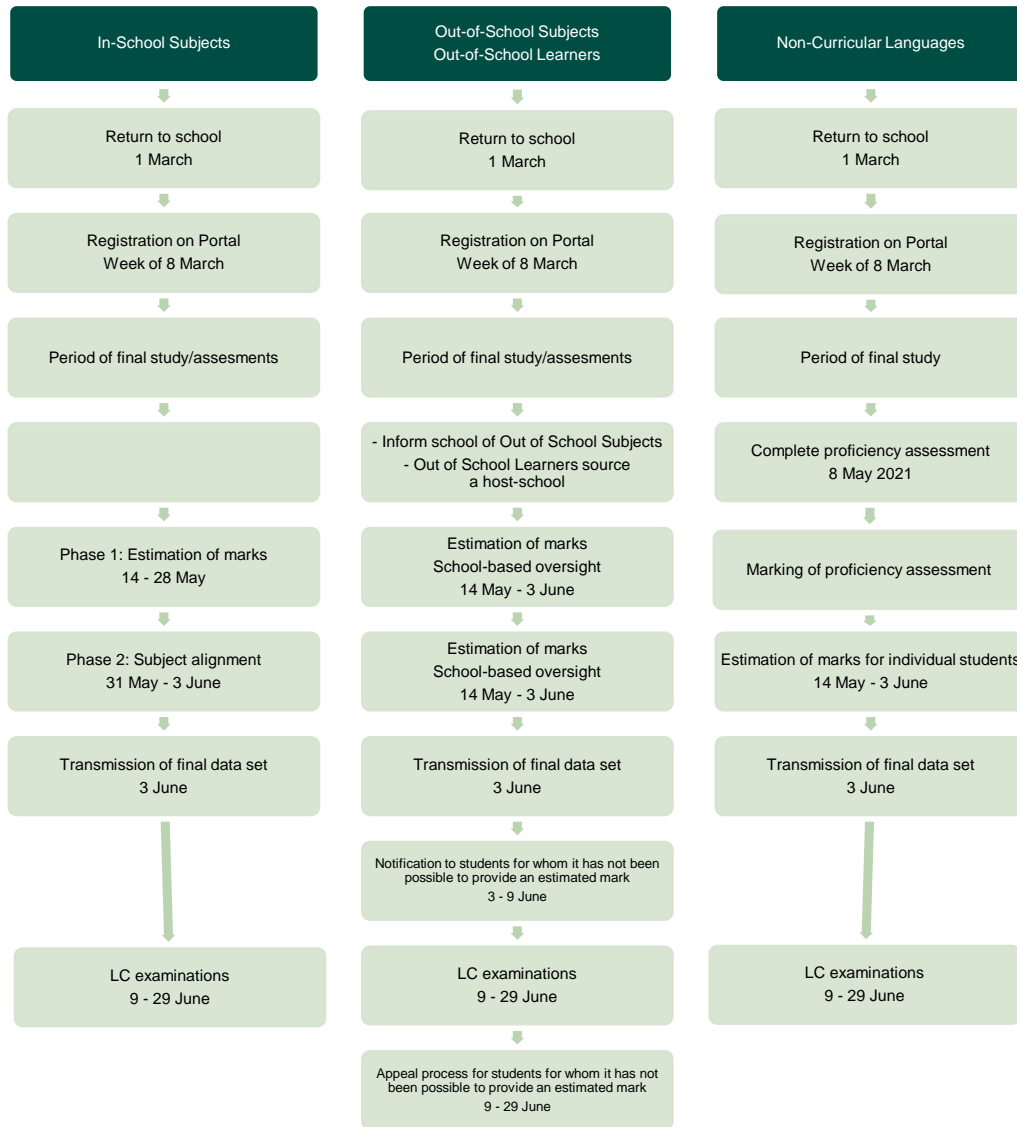

5. Schools will be provided with a list of all the relevant students who have entered for a non-curricular language in Leaving Certificate 2021. All such students are eligible to complete the Proficiency Assessment whether or not they have applied for an Accredited Grade. If they do not complete the Proficiency Assessment, their only route to a grade in the subject is through completion of the Leaving Certificate examination in June 2021.
6. All materials required for the conduct of the Proficiency Assessment will be delivered to schools during the week of 3 May 2021. Arrangements will be provided for the return of completed assessments to the Department of Education.
7. The completed Proficiency Assessments will be used as evidence by a team of subject assessors in the relevant languages who will attend a Subject Alignment Meeting before making professional judgements with respect to the final estimated percentage mark to be submitted for each student. The purpose of the Subject Alignment Meeting will be to ensure that all subject assessors are applying standards that are appropriate and consistent.
8. Estimated percentage marks will be submitted centrally by the Department of Education.

Note: Unless, students have applied for an Accredited Grade in their non-curricular language on the Candidate Self-Service Portal (CSSP), they will not receive an Accredited Grade even where they have completed the Proficiency Assessment. Therefore, they must, if they have not already done so, register for an Accredited Grade in their non-curricular language during the period when the Candidate Self-Service Portal (CSSP) reopens between 27 April and 30 April 2021.

3.2.3 Flowchart of the process

3.3 Accredited Grades: comparison of process for in-school and out-of-school students

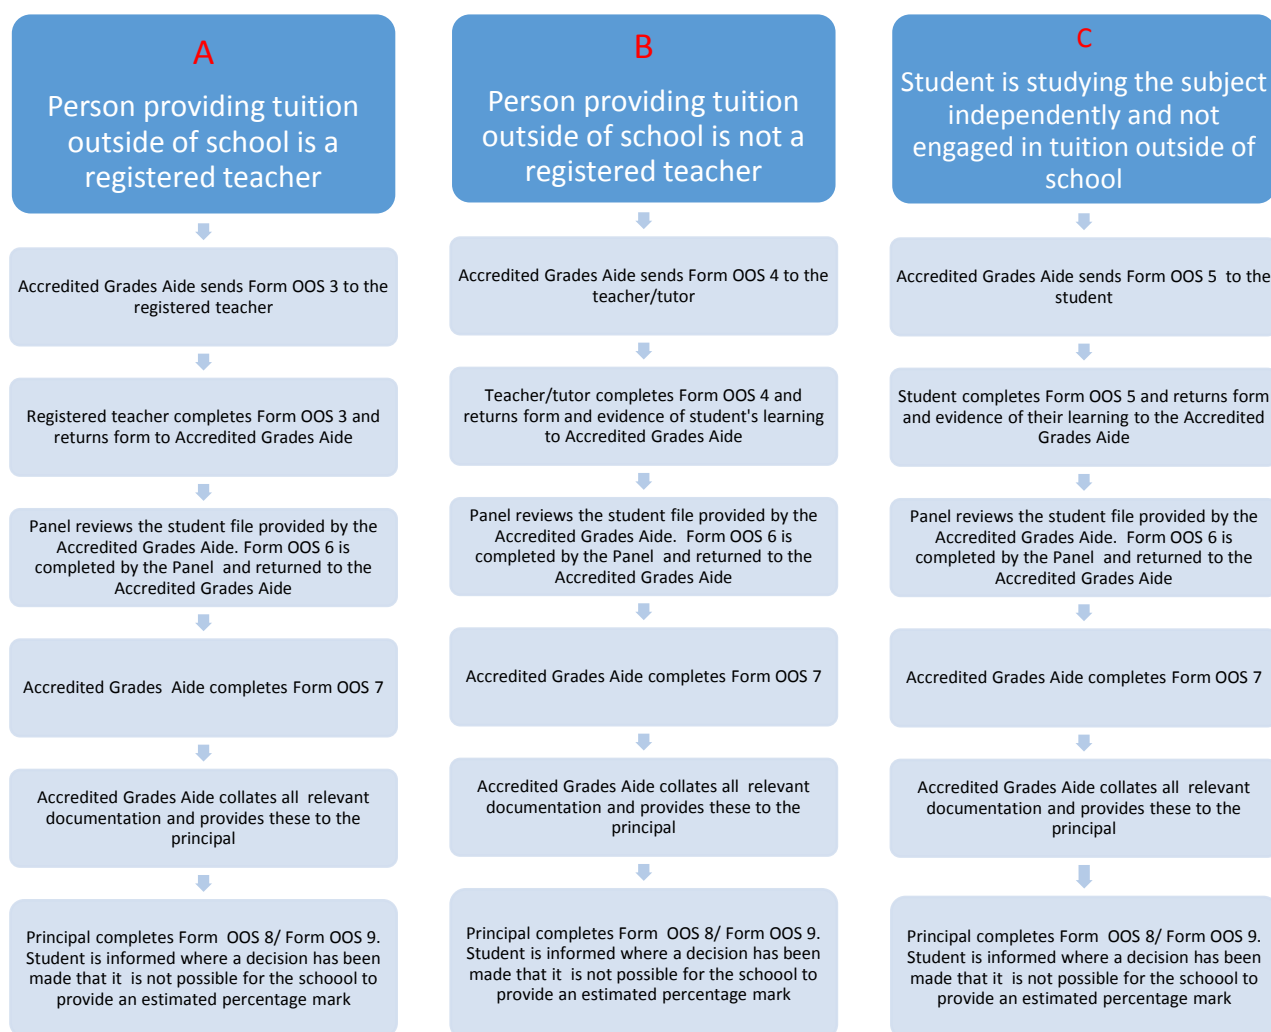

3.4 Routes to an estimated percentage mark

(Out-of-school subjects and Out-of-school learners excluding students studying non-curricular languages)

Students engaging in this process should have completed and returned Form OOS 1 to the principal. The Accredited Grades Aide will **issue Form OOS 2 to all students who submitted a Form OOS 1**. The information provided on Form OOS 2 will determine which route to follow as outlined below.

Note: The meaning of the term ‘registered teacher’ is defined on page 2 of this document

* Where a person providing tuition does not engage in the process, the Accredited Grades Aide should follow route C. In addition, where a conflict of interest is identified by a teacher/tutor in routes A or B, route C should be followed. For further detail on conflict of interest refer to Section 8 in the *Guide to Accredited Grades for Leaving Certificate 2021 for (a) Out-of-School Subjects, and (b) Out-of-School Learners (March 2021)*.

4. Roles: Detailed Information on various roles

4.1 Introduction

All persons involved in this process should familiarise themselves with the following documents, and any updates, including but not limited to;

- A Guide to State Examinations and Accredited Grades for Leaving Certificate 2021 (February 2021) available [here](#)
- Guide to Accredited Grades for Leaving Certificate 2021 for (a) Out-of-School Subjects, and (b) Out-of-School Learners (March 2021) available [here](#)
- Accredited Grades for Leaving Certificate 2021: Guide for Schools on Providing Estimated Percentage Marks (April 2021)

4.2 Roles and responsibilities

The roles and responsibilities which must be carried out by the principal, Accredited Grades Aide and Panel of Registered Teachers have been outlined in *Circular S15/2021* and in Section 2 of the *Guide to Accredited Grades for Leaving Certificate 2021 for (a) Out-of-School Subjects, and (b) Out-of-School Learners (March 2021)* (and any updates thereto).

Further guidelines are issued in this section for the Accredited Grades Aide and the Panel of Registered Teachers.

4.2.1 Principal

- Facilitate external candidates who are out-of-school learners to use the school as a host school for the purposes of receiving Accredited Grades
- Establish Panel/s of three Registered Teachers to provide professional judgements regarding estimated percentage marks for students studying subjects out of school or out-of-school learners. The Panel shall include two core members (e.g. the deputy principal and year head for sixth year) who will be involved in the review of all cases. The third member may vary depending on the subjects under review and should be chosen so as to provide a balance of expertise across the curriculum. Normally, Panel members will be serving teachers/tutors in the school, but if necessary a Panel member may be sourced elsewhere (e.g. from former staff, or staff from other schools). The principal of the school, or the coordinator/manager of the centre, shall not be a member of the Panel. Participation on the Panel is voluntary and Panel members will be paid⁵
- Support the implementation of those procedures which students studying subjects outside of school and students who are out-of-school learners will be required to follow in order to be considered for an estimated percentage mark in the Accredited Grades process
- Provide overall oversight of the process by which estimated percentage marks are submitted for students studying subjects out of school and out-of-school learners

⁵ Each Panel member will be remunerated at a rate of €34.74 per subject reviewed for each student

- Review the process applied to the collection of data for individual students to ensure that the appropriate procedures were followed
- When satisfied that correct procedures have been followed, oversee the submission of data.

4.3 Accredited Grades Aide

In relation to the Accredited Grades process for out-of-school subjects and out-of-school learners, roles and responsibilities associated with the Accredited Grades Aide have been outlined in the *Guide to Accredited Grades for Leaving Certificate 2021 for Out-of-School Subjects and Out-of-School Learners* (March 2021) and further elaborated on in Circular S15/2021.

The Accredited Grades Aide will work under the general guidance of the principal and deputy principal management team. A core part of the role in respect of out-of-school subjects and out-of-school learners will involve assisting with the administration of the required procedures including liaising with:

- students with respect to submission of information and evidence for consideration by the Panel of Registered Teachers
- external teachers/tutors with respect to submission of evidence and suggested estimated percentage marks for consideration by the Panel of Registered Teachers
- the Panels of Registered Teachers, with respect to the sharing of information and evidence provided by students and external teachers/tutors
- the principal, with respect to the submission of estimated percentage marks.

4.3.1 Forms to be completed

To support the work of the Accredited Grades Aide, a number of standard forms have been designed which facilitate the collection of information and evidence for review by the Panel of Registered Teachers. Forms provided in the suite of standard forms (Appendix A to J) will be completed by different individuals.

Overall administration of the suite of forms will be the responsibility of the Accredited Grades Aide. As the composition of the Panel of Registered Teachers may vary in respect of different subjects, it is intended that a separate suite of forms will be completed for each subject in which a student applies for an Accredited Grade.

An outline of the purpose, associated timeline and person completing the forms is provided on the next page.

If sending a form by email, it is recommended that you request a delivery receipt and read receipt. ▪ It is important that given the confidential nature of the data provided, every effort is made to ensure that forms are returned securely and to the correct email address
<p>General points relating to all forms received</p>	<ul style="list-style-type: none"> ▪ The Accredited Grades Aide should check all returned forms to ensure that all sections are completed ▪ If the student/teacher/tutor does not return the form by the timeline indicated on the form, the Accredited Grades Aide should contact the student and keep a note of such communications (see Appendix L). More than one method of communication should be used on more than one occasion in attempting to contact the student/teacher/tutor. In the event that it is not possible to contact a teacher/tutor, the student should be asked to confirm that the contact details are correct. If it is not possible to contact the teacher/tutor, or the teacher/tutor does not agree to participate in the process, then the student should be requested to complete OOS 5 and submit evidence of their learning (Route C). ▪ The timelines for the return of forms has been created to facilitate all information being available to the Panel of Registered Teachers no later than the 14th of May. In this instance, the principal should notify the student in writing of the school's decision (see Appendix K). A copy of this letter should be maintained in the student file ▪ All student files should be retained in the school in a secure location until further notice. Student files will contain completed forms and evidence of learning submitted for review by the Panel of Registered Teachers

	<p>In the event of an appeal that may arise as a result of a decision by the Panel not to submit an estimated percentage mark for a subject such an appeal will only involve a review of the procedures implemented. The evidence of learning retained on file will not form part of such a procedural review. Retaining evidence of learning on file is to facilitate administration.</p>

4.4 Panel of Registered Teachers

The school principal will appoint a Panel of three Registered Teachers. Guidance in relation to the formation of the Panel can be found in Section 2.1 of the *Guide to Accredited Grades for Leaving Certificate 2021 for (a) Out-of-School Subjects and (b) Out-of-School Learners*.

This role requires Panel members to;

- be familiar with all guidelines provided to support the provision of estimated percentage marks
- cooperate with the principal and the Accredited Grades Aide in implementing necessary procedures
- review the evidence provided by either the external teacher/tutor or student
- collaborate in professional dialogue, including with external teachers/tutors if necessary
- draw on available evidence to use their professional judgement to arrive at an estimated percentage mark which will be provided to the principal

Each Panel member will be remunerated at a rate of €34.74 per subject reviewed for each student.

4.4.1 Nine key steps to support the Panel of Registered Teachers

Step 1. Background reading

Members of the Panel should familiarise themselves with the following documents, and any relevant updates;

- *A Guide to State Examinations and Accredited Grades for Leaving Certificate 2021 (February 2021) available [here](#)*
- *Guide to Accredited Grades for Leaving Certificate 2021 for (a) Out-of-School Subjects, and (b) Out-of-School Learners (March 2021) available [here](#)*
- *Accredited Grades for Leaving Certificate 2021: Guide for Schools on Providing Estimated Percentage Marks (April 2021)*
- *Guide for Schools and Students on implementing the Accredited Grades Process for Out-of-School-Subjects and Out-of-School Learners (April 2021)*

Step 2. Planning and preparation

With reference to the timeline and with the support of the Accredited Grades Aide, Panel members will make the necessary arrangements to convene to review evidence and information provided

The Accredited Grades Aide will provide the Panel with the student file, which contains completed relevant OOS forms as well the evidence submitted of student's learning

Note: Panel members should expect to see the following forms in all student files: Form OOS 1 and Form OOS 2. In general one of the following will be presented Form OOS 3 or 4 or 5. However, if a conflict of interest is declared by a teacher/tutor in Form OOS 3 or Form OOS 4, or if a teacher/tutor does not complete the forms, or a teacher/tutor who is not registered does not provide evidence of the student's learning, Form OOS 5 should also be present.

Step 3. Evidence of learning

Panel members should note that evidence of learning is a requirement only when Form OOS 4 and Form OOS 5 are completed. Where Form OOS 3 is completed registered teachers have the option to submit evidence of student's learning.

Note: Students/ teachers/tutors presenting evidence of the student's learning to the Panel have been asked to sign declarations to authenticate that the evidence provided is the work of the student named on the form. It is very important that the declarations on Form OOS 4 or Form 5 have been signed to ensure the legitimacy of the evidence provided. Should a teacher/tutor completing Form OOS 3 wish to submit evidence they too should complete a declaration regarding the evidence submitted. If the declaration is not signed the Accredited Grades Aide should liaise with the teacher/tutor/student to complete this step. If the teacher/tutor did not agree to sign the declaration the student should have been provided with the opportunity to present evidence of their own learning and complete Form OOS 5. If the declaration remains unsigned, it will not be possible for the Panel to authenticate the evidence of learning submitted and to provide an estimated percentage mark to the principal.

Step 4. Review of evidence

The Panel of Registered Teachers will consider and will review all evidence when deciding on an estimated percentage mark. In addition to the support provided in this Guide, when reviewing evidence the Panel should make particular reference to the highlighted sections of the following documents, and any relevant updates;

- *Section 6: A Guide to State Examinations and Accredited Grades for Leaving Certificate 2021 (February 2021) available [here](#)*
- *Section 7: Guide to Accredited Grades for Leaving Certificate 2021 for (a) Out-of-School Subjects, and (b) Out-of-School Learners (March 2021) available [here](#)*
- *Section 15.1 Accredited Grades for Leaving Certificate 2021: Guide for Schools on Providing Estimated Percentage Marks (April 2021)*

Specific criteria for what should be included in evidence submitted for consideration by the Panel of Registered Teachers has not been set out. The evidence that teachers/tutors/students choose to submit should illustrate the student's learning with respect to the aims and learning outcomes of specifications (curriculums) and syllabuses. Students have been asked to be mindful of the guidance provided in the above referenced publications when providing evidence to the Panel. **The evidence submitted should be concise and focused on illustrating student's learning.**

It is possible for students to provide previous Leaving Certificate results as part of a range of evidence to support their application for an Accredited Grade. Certified copies of these results may be submitted as part of a range of evidence.

Step 5. Reviewing provisional estimated percentage marks from teachers/tutors

Registered teachers have been asked to use their professional judgement, drawing on available evidence, to *provide* a provisional estimated percentage mark for each student seeking an Accredited Grade. Normally, registered teachers are not required to provide evidence of student's learning for review by the Panel, but may be asked to do so if the Panel feels it is required.

Persons providing tuition who are not registered teachers have been asked to *suggest* a provisional estimated percentage mark. In addition, as outlined previously, evidence of student’s learning will also be provided in this instance for the Panel of Registered Teachers to review.

The Panel of Registered Teachers will consider all provisional estimated marks provided or suggested by teachers or persons providing tuition.

Step 6. Collaborate in professional dialogue

This will involve Panel members engaging in professional discussions about the information and, where appropriate, the evidence provided. The Panel may contact the teachers/tutors who completed Form OOS 3 or OOS 4, to discuss the basis for their provisional estimated marks.

Step 7. Decide on the final estimated mark

The Panel should use their professional judgement when reviewing whatever information and evidence is available to reach an overall judgement in relation to a student’s expected performance.

The estimated percentage mark will be presented in the form of a percentage score and may range from 0.00% to 100.00%.

NOTE: Subjects with practical coursework components

The following subjects have a practical coursework component

Agricultural Science	Design & Communication Graphics	Geography	Politics & Society
Art	Economics	History	Religious Education
Construction Studies	Engineering	Home Economics (Scientific & Social)	Technology

Students who are studying subjects with coursework components outside of a school setting, will be aware that coursework will only be accepted for assessment where it has been completed under the supervision of a teacher in a school or centre recognised by the SEC for examination purposes. They will also be aware, that for examination purposes, this work must be authenticated by both this teacher and the school principal in this school or centre. It is the responsibility of the student to fulfil this requirement for examination purposes. Further details are provided in State Examinations Circulars S68/08, S69/04 and S64/20.

In order to maintain the integrity of the assessment process, students applying for an Accredited Grade in subjects with coursework components should seek an estimated percentage mark from the teacher in the school or centre recognised by the SEC for

examination purposes who has provided oversight of the students engagement with the coursework and who will or would have authenticated their coursework for the purpose of the examinations.

Students should identify on Form OOS 2, the name and contact details of the relevant teacher. They should inform the teacher that they have provided this information to the Accredited Grades Aide who will liaise with the teacher and provide them with Form OOS 3 to complete. The teacher in question should use this form to provide an overall estimated percentage mark for the student in the subject.

If the student has also worked under the guidance of other teachers/tutors, they should inform the teacher who is facilitating and providing oversight of the completion of their coursework of this. That teacher may collaboratively review and consider the evidence of student's learning in conjunction with those other teachers/tutors. However, it is important to note that it is the teacher who is providing oversight on the completion of their coursework who should provide an overall estimated percentage mark for a particular subject by completing Form OOS 3.

Where students do not fulfil the requirement to have Form OOS 3 completed by a teacher in a school or centre recognised by the SEC for examination purposes, who is providing oversight on the completion of their coursework, they will have to forfeit the marks allocated to the Coursework element of the relevant subject. In this situation, the Panel should apply the deductions outlined in the table below.

	Written Examination	Coursework
History	80%	20%
Geography	80%	20%
Religious Education	80%	20%
Politics and Society	80%	20%
Economics	80%	20%
Home Economics*	80%	20%
Agricultural Science	75%	25%
Art	43%	57%
Construction Studies – Higher level	50%	50%
Construction Studies – Ordinary level	40%	60%
Engineering – Higher level	50%	50%
Engineering – Ordinary level	40%	60%
Technology	50%	50%
Design and Communication Graphics	60%	40%

* Except in a very small number of cases where students are doing the Craftwork elective. For these students, the coursework component (Journal + practical element of Craftwork elective) is 30% and the written paper is 70%.

Step 8. Complete Form OOS 6

Complete parts A, B, C, D and E where it is possible to provide an estimated percentage mark for the student.

Complete parts A, B and F where a decision has been made that it is not possible for the Panel to provide an estimated percentage mark.

Note: An appeals process will be available to students where a decision has been made that it is not possible for the Panel of Registered Teachers to provide an estimated percentage mark. Panel members should be aware that if an appeal arises Panel members may be required to reconvene in the event that the appeal is upheld.

Step 9. File management

The Panel should ensure that a completed Form OOS 6 is retained in the student file and that the completed student file is returned to the Accredited Grades Aide.

Instructions:

1. To be completed by **all relevant students** i.e. Students with Out-of-School Subjects and Out-of-School Learners, **with the exception of students studying non-curricular languages**
2. It is important that a separate form should be completed for each subject

If you are attending one of the eleven private colleges* on a fulltime basis and you are entered for your examinations through the college, you do not need to complete this form as you are most likely to be treated as equivalent to a school-going candidate for the purposes of an Accredited Grade. In this instance, the private college will oversee the submission of an estimated percentage mark for you and therefore you do not need to complete this form or follow this process. If you are anyway unsure you should contact the private college to clarify this matter with them immediately.
